Please submit **fully formed ad** as a JPG or PNG to:

meravb@ieata.org

Use “ADVERTISEMENT IEATA NEWSLETTER [YEAR]” in subject line

Tips for Pics

**Make the most of presenting
your artwork**

Take your photographs with your camera set on high image quality

Photograph before covering your piece with glass to avoid reflections or glare

The frame should not show in the picture

Shoot “square” onto the art:

Either by laying it on the floor and standing on something high enough to get the whole image, or holding the camera at the same angle as the piece so that the sides line up with the camera frame

Shoot in natural daylight (preferably outdoors on a cloudy or overcast day) rather than using flash
